

HUNGER CANNOT WAIT.

THE HARD TRUTHS

- Children go to bed without food. They did nothing to deserve hunger.
- Many elderly have to choose between medicine, food, and heat.

OUR CALL TO SERVE

- Extraordinary events, like Covid-19, happen that prevent families from being able to meet basic food needs.
- "He helps orphans and widows, and ... gives them food and clothes." Deut. 10:18 NIV
- We are expected to help. Remember the parable of the Good Samaritan in Luke 10? The expectation to help has not changed.

THE NEED

50,000 of our neighbors in Berkeley County go hungry every day. In this crazy, ever-changing world, one of the constants is the need for food assistance. 20% of children in SC live in "food insecure" homes.

THE RESPONSE

Several Berkeley County Churches have come together to provide nutritional assistance to those families and individuals who otherwise go without and go to bed hungry.

In 2023 we served 2,442 families in Berkeley County
